It is very important that members attend as many rehearsals as they can, in order to learn the music and work at the details that David wants, so that we are all fully prepared for the concert. While some absences will of course be unavoidable, everyone should aim to attend a majority of rehearsals if they are planning to sing in the concert. Please bear that in mind when making plans for the coming term. A register has always been taken at rehearsals in case of fire and therefore attendance is recorded. It is also vital that everyone intending to sing in the concert is present for the final rehearsal on that afternoon.
